

The Cindy Wider Method
Coloured Pencil Techniques Series

Title: Coloursoft to Caran D' Ache

Medium: Coloured Pencil

Level: Introductory

Lesson: Colour Conversion Chart

Course Code: CPTS-CP-Coloursoft-to-Carandache

Introduction

In this booklet ***you will find a colour conversion chart*** from Derwent Coloursoft (my preferred coloured pencil brand for this course) on the left side to Caran D' Ache Luminance on the right side. Please note that these are recommendations only, they are not exact matches. Where the number has been written more than once, it means that there were no colours similar to match with and the suggested colour is the best option to consider using.

Derwent Coloursoft Conversion to Caran D' Ache Luminance

(Derwent Coloursoft names on the left and Caran D'Ache on the right)
